

Newsletter for the month January [abridged]

January 2026

Education and Sponsorship Program

Resources were distributed to Hope Entoto Kindergarten students and sponsorship students. Sixty kindergarten students and one hundred twenty five sponsored students attending primary and secondary school received resources that help them to keep on attending their education.

The resources include school uniforms, a pair of shoes and other essential resources. The parents, together with their children, received the support.

Parents stated that they are not able to facilitate their children with essential resources to keep on attending education, and they are very grateful for the provision and thanked the organization and partners who supported the program.

The executive director of the organization handed over the resources to the kindergarten and sponsorship students. The organization has been dedicated to facilitating resources and to provide opportunities for children and youths to meet with their dream.

Distribution of school uniform and pair of shoe to 66 Hope Entoto Kindergarten
